

Four Roosevelt Memorial Stamps Are Coming

Overprinted 6c Air Envelopes Show Two Different Watermarks

Collectors of envelopes are again going to have a big mess to straighten out after the overprinting of our current 2c envelopes with the 6c Airmail box, is completed. When such an overprint-in of envelopes was done several years ago, the resultant number of varieties was very large and some unusual and very rare items made their appearance.

We can now only wait final roundup news on these envelopes to know what the score will be but we already have copies of envelopes with two different watermarks which we illustrate for the guidance of our readers. Watch your copies as they come along and compare watermarks and dies of the envelopes. We will be glad to see any and all different dies or varieties for listing in these columns but we must caution all collectors, especially the inexperienced of which there are always a plenty, that any misplacement of the overprint over the stamp is not a variety worthy of record. If you by chance should find copies with the overprint in the wrong corner of the envelope or doubled, such would be of interest.

These watermark varieties are from our good friend Al Shaffer, somewhere in Europe.

As we are finishing our copy for this week another copy of this new overprinted envelope comes from John Gershey of Trenton, N. J. and this is the well known 2c Washington Bicentennial envelope with the new overprint. This should show that old stocks are being used and there is no telling what might turn up.

Cartooning Our Postage Stamps

The cover pictured above is one that was inspired by a cover of a similar nature that originally came to our office from Messrs Seelye & Grier of Coquille, Oregon. Mr. Seelye has two sons in the service and one of them is adept at illustration and surprised his dad one day with a cover similar to the above mailed from somewhere in the South Pacific.

Your editor's grandson, a youth in school, has quite a talent for drawing also and we asked permission to have a drawing made and to produce a few of these covers for those who might enjoy having one.

We have no desire to profit by them but only hope to cover the cost of the engraving and the printing so will mail one of the covers to any address for 10c in stamps, plus an unused 3c Telegraph stamp to make up the cover. Merely address the publishers and your cover will come by return mail.

Conference Stamps Without Roosevelt's Name On The Stamp

We learn from the announcement from the Postoffice Department that the first plates for the 5c Conference stamp were made before the death of President Roosevelt and that these plates of which there were three, are without the President's name on the plates or stamps.

These plates are numbered 23262-3-4 and by all rules of the game should never be used and specimens in the way of proofs or samples, if printed should be destroyed and thus assure the public that there will be no future leaks.

The fact that these plates were made and completed, ready for printing, before the death of our president is further and ample proof that the stamp was determined on some weeks before it was announced to the collecting public, just as we printed proof in our issue of last week, that this stamp was announced, though not to the public as early as March 5th.

We are going to sit still with our fingers crossed until our new Postmaster General takes office and hope that he will give the collector the recognition that we deserve.

Since the above was written the following copy comes from Mr. J. Minkus of Gimbel's Stamp Department in New York City and let us hope that it is only rumor as Mr. Minkus states.

"The rumor that Gimbel's Stamp Department is selling error copies of the 5c San Francisco Confer-

ence stamp without "Franklin D. Roosevelt" and the quote marks about "Toward United Nations," is pure poppycock, says Jacques S. Minkus, head of Gimbel's Stamp Department."

"The story circulating in Manhattan stamp offices was that 2,000,000 of this commemorative had been printed before the President's name and the quotation marks had been added, and that sheets were being offered at Gimbel's at \$10. No such error exists."

SECOND FRENCH AMG SET

From several sources we have a list of the values and colors of the second French Allied Military Government stamps, those with the values printed in black. The colors of the various values are 30c orange, 40c gray, 50c olive green, 60c violet, 80c green, 1.20 fr. brown, 1.50 fr., light red, 2 fr. yellow, 2.40 fr. deep red and 3fr purple.

Incidentally this is the set that is being advertised by Mr. Brundage of Albany, N. Y., and he has just written us to change his advertisement to include the 30c as the first value in place of the 40c. He states that it was his error in not listing them correctly.

Underground News From Washington Says P. M. G. Is Out Of The City And Announcement Will Come Soon

At long last we have definite information through underground sources from Washington, D. C., that there will be an issue of four commemorative size postage stamps honoring President Roosevelt.

Each stamp will bear a portrait of Roosevelt in addition to other subjects which will be used on the stamps. The stamps are to be of Commemorative size, presumably Electric Eye prints by the Bureau and will be of colors to conform with current values.

The 1c stamp in green will picture Roosevelt and his Hyde Park Home. The two cent in red will picture Roosevelt and the Little White House at Warm Springs, Georgia. The Three cent will be in purple with picture of Roosevelt and the White House at Washington while the 5c value will be blue and will picture Roosevelt and a symbolic "Four Freedoms" motif.

It is believed that first day issues will be at Hyde Park and Warm Springs for the 1c and 2c values and the latter two values in Washington, D. C. The one cent stamp is announced for approximately June 12, the others to follow at intervals of two or three weeks.

Stamps will come in sheets of fifty as do the large size commemoratives. For further announcement watch your daily paper and this paper next week.

Later information from the Washington Stamp Exchange of Newark, N. J. states that the 3c stamp will be the first one issued and that the date will be June 26th with the 1c, 2c and 5c following in July, August and September. Congratulations Mr. Walker for this program of issue.

A COMING CHICAGO DEALER

Altho as yet only represented in the classified columns of this publication Leonard C. Utecht of Chicago, doing business under the single name of UTECHTS, reports excellent returns from space used and states that he is planning for the opening of a down town store in Chicago. In the past few weeks Mr. Utecht has bought out the business of Helens Stamp Service, C. J. Russell and Keeler Stamp Company all of Chicago and of Deckers Gift Shop of Milwaukee. Mr. Russell is in the employment of Mr. Utecht and business is developing at a rapid rate.

Mexico has everything from severe and difficult classical to streamlined modern pictorials.

By the time Friend George gets this printed we hope to have the Mexico book in shape. Work on it has been pretty hectic, as we have been pulling down a 90 volume accumulation which includes some nice old and new Mexico—even a few whole ones.

NUMEROUS LETTERS OF CONGRATULATION

From many sources we have letters of congratulation for our publication, on our scoop of last week regarding date of announcement on the Conference stamp and at the same time letters of condemnation for the negligence of the Postmaster General in making

Geo. W. Linn

such news public. So long as our leading Philatelic Organizations put up with this kind of business collectors will suffer from it. Collectors support the societies in the hope that banding together will bring some force and support to the group as a whole, but the societies fail their duties in not making an issue of a subject such as this and thus supporting their members. Again this week we are printing news which may be the first definite information that comes to collectors. This news comes to us from underground sources at Washington and comes because we have been wide awake enough to fight for the rights of the collectors. We are told that the prepared announcement for these new Roosevelt Memorial Stamps was ready for release as early as May 15, lacking only the signature of the Postmaster General, but that he is out of the city and will not be back until the end of the week and thus the announcement is delayed.

BOOM IN POSTAGE STAMPS

From Mr. Frank A. Rettig of Wabash, Indiana, we have a copy of "Investor's Reader." This is a monthly publication issued by one of the large Investment Brokers of the United States. The firm has branch offices in over eighty cities scattered throughout the United States and is thus of National Importance.

In the May number of their Journal about three pages are devoted to Postage Stamps. The article is illustrated and talks wholly of the investment value that has been found in the stamp market by experienced collectors.

One of the points that we gather from the article is the fact that foreign issues of the right kind have usually proven a greater investment value than have our own United States Issues. Collectors who may be interested from this angle can readily verify such statements by a study of their catalogues and a comparison of prices when stamps were issued with prices of today. We could readily name several foreign issues which have shown tremendous increases since their issue a few years back.

Such articles as this should be a help in convincing collectors that one can collect for Profit as well as pleasure and our own experience has lead us to recognize investment.

AIR MAIL COVERS

SAMUEL S. GOLDSTICKER, JR. (Dept. Ed.)
488 Mt. Prospect Avenue Newark 4, N. J.

Effective Sunday, May 20th, Albany, Georgia, was scheduled to be added to AM-40; as a stop between Atlanta and Tallahassee (Fla.). There was less than one-week's notice on this flight, and consequently covers will probably be somewhat scarce. In fact, don't even know if my covers arrived there in time.

Albany was authorized as a stop on AM-40 when the route was inaugurated in 1938. However, the inadequacy of the airport at Albany, and the subsequent improvement and use of the field by the Army Air Forces caused a postponement of airmail service.

When AM-40 was initially inaugurated on October 10, 1938; the Postmaster at Albany made an unauthorized dispatch of all the covers he was holding via a small private plane to Atlanta, and used the cachet he was to have used on the regular first flight covers to the covers he dispatched. These covers are not regular first flight covers and are not listed in the catalogues—The May 20, 1945, covers are the actual first flight covers from Albany.

A final reminder of the first flights to take place on June 1st: AM-55 Pittsburgh, Penn., to New York City.

AM-53 El Dorado, Arkansas, between Little Rock and Shreveport. AM-53 Extension from Memphis, Tenn., to Detroit, Mich., via Evansville, Ind.;

Indianapolis, Ind.; Fort Wayne, Ind.; and Toledo, Ohio.

I got an unofficial report that this flight would occur on May 20, but at the time of writing this column, I did not receive any

authentic information to back it up.

On May 10th, I wrote that service on AM-69 was advanced from June 1st to May 1st. A correction—this service was postponed until May 15th, when a temporary schedule was put into effect. The complete service over this route (including passenger service) will begin on June 1st, but for first flight cover collectors, May 15 is the date.

On May 1st, service was inaugurated on three new routes: AM-65, AM-66, and AM-67, all three of which are new east-west routes originating at Boston. Instead of writing each of these flights up at the same time, what I intend doing is to write up each route a different week. I expected to start with AM-65, but as yet I did not receive the official reports giving the Pilots, Quantities of covers, etc.; so I will wait until next week to begin these write-ups.

Also on May 1st The first TWA STRATOLINER Transcontinental Flight in regular service from Washington, D. C. took place. To mark this event, TWA sponsored a special cachet which was applied to covers dispatched on this plane. This cachet consisted of the TWA insignia, a design of the plane, and the wording "STRATOLINER TRANSCONTINENTAL FLIGHT FROM WASHINGTON D. C. May 1945". All of this was within an oval, and was applied in black ink. There was approximately 1500 covers so cacheted and dispatched. However, these covers are only souvenirs and probably will not be officially listed in the catalogues.

Thanks for news this week to L. P. Marechal (Washington District Manager—TWA); F. W. Herget; PFC Bill Hafner; P. C. Nahl; and The P. O. Dept.

George Linn Talks Before Large Crowd At D. P. S. Meeting

Members of the Dayton Philatelic Society held a splendid meeting on the night of May 14th at which George W. Linn was the guest speaker. Mr. Linn was accompanied by his daughter, Hazel, who is attempting to arouse an interest in stamps among the ladies of the members of the various clubs where she is able to attend.

Business of the meeting which was held in the VanCleve Hotel was dispensed with in order that the albums which were to be shown could be gone through with in time to permit the catching of a late train for the return trip to Sidney.

Following a talk of about two hours, the latter part of which was an open discussion, an excellent buffet lunch was served and it is a pleasure to note that there were many ladies in attendance. The lunch was excellent and small groups spent quite a time during this period in further discussion of stamps and stampic subjects.

The trend of Mr. Linn's talk was that stamp collecting can be both pleasant and profitable and he attempted to state many facts which could help to guide the collector in collecting with such a thought in mind.

We can not attempt to mention the various Dayton members by name but were pleased to meet several whom we have known for some years past and feel confident that we will take advantage of our present location to make more frequent trips to Dayton and attend the meetings there.

We much regret that Mr. R. J. Walsh who was instrumental in arranging this meeting was confined to a hospital following a recent operation.

It was interesting to note while at Dayton that one collector, Mr. George C. Janka, brought with him an album from his collection and the collection was one just such as we attempted to describe to those present as an example of a collection that might be classed as a collection for pleasure and profit. The entire album was filled with beautiful mint sets and souvenir sheets running back over past years. It was easy to look through this collection and see set after set that has increased in value to a very great degree since the day they were purchased. We feel absolutely confident that Mr. Janka will find a ready market at a good price for such a collection any time he wants to see it. Such an album is proof positive that stamp collecting can be both pleasant and profitable and collectors who think otherwise have just not followed in the right path.

The Dayton Philatelic Society meeting for May 28 will be held at their regular meeting place in the YMCA at which time there is to be an auction of 55 lots of stamps. All collectors are welcome at this meeting. Dayton is plenty big enough for a good society, one such as it has had in years past and we look forward to much activity in this city.

Following is the most recent news release from Washington concerning plate numbers and plates issued.

It may be a surprise to some to know that only about one half cent piece was struck for each 100 large cents. So all half cents, but five or six dates are comparatively scarce. The U. UNITED STATES SMALL CENTS FLYING EAGLE

AN EXPLANATION
We find from a general survey of dealers' stocks that from 1% to 10% of their uncirculated coins are brilliant uncirculated specimens, depending upon dates, of course. The balance of their stock consists of uncirculated specimens that may be dark, olive color, chocolate color, many two-tone part brilliant and part discolored, and others with carbon spots. Such coins, while uncirculated, form the majority of any dealer's stock and are not acceptable to discriminating collectors. The percentage of brilliant coins is so small that a correct interpretation of values might be 10 times the price of an ordinary uncirculated specimen. In forming our prices, we feel that the brilliant uncirculated coin, while at first glance appears to be unusually high in price, is actually the less expensive form of an investment for a collector and he is obtaining a coin which is actually 10 times as scarce as an ordinary uncirculated specimen and is paying but a fractional premium for such. Coins before 1880 in brilliant uncirculated condition are rare and difficult to obtain at any price.

Items listed at less than 10 cents are not sent on approval.

*All 1922 Cents were coined at Denver. Apparently the die from which these coins were struck became worn so that the mint mark "D" did not show on several hundred coins that were released for actual circulation. The number of coins without the "D" is comparatively small and consequently they bring a higher price than the regular issue.

JAPANESE PHILIPPINE INVASION MONEY

When the Japanese occupied the Philippines, they destroyed all American Philippine money and issued a series of their own. These notes have been accumulated by service men in the area. Many have been found on dead Japs and similar sources. There is a great similarity in the peso values to American banknotes where the Japanese tried to imitate our methods of engraving. We offer a small supply of the notes at the following prices:

By Lawrence W. Case
NEW POSTMASTER—I had prepared a continuation of last week's harangue with the Post Office, but with the announcement of a new Postmaster, I believe it is only fair to sit back and see what happens. Perhaps Mr. Han-negan will bring a new deal to philatelists in the near future.

HEADACHES FOR DEALERS—Are you using postal notes or money orders when sending for stamps? I again urge you to do this, for I have had several reports of collectors sending as much as twenty dollars through the mail in the form of that Morganthau lettuce and then blaming the dealer because it doesn't reach him. Postal notes can be purchased up to \$10 each for only 5c. Use money orders, express orders, checks or postal notes, BUT DON'T SEND CASH THROUGH THE MAILS. Another headache is the philatelic dope who sends an order accompanied by cash and fails to sign his name and address. Think it doesn't happen? Ask your dealer. Still another member of the Dopes is the fellow who sends in a want list and forgets to state whether he wants mint or used. And more—the fellow who sends in a long want list and then returns 75% of it because he has already purchased them elsewhere. Then my readers want to know why dealers don't answer their mail!

ANSWERING THE MAIL—Lt. J. F. Trick of Camp Blanding, Fla. writes about my Sanabria column (the one Mr. Sanabria forgot to answer) and states he thinks all collectors should refuse to use Sanabria numbers and that by refusing to deal with firms who do use them, the price list would then fall into a discard. He states he writes auction dealers who use those numbers and states he refuses to bid on their auctions. Joseph Scheier of Milwaukee also refuses to bid on Sanabria numbered auctions and I personally cannot buy from Irwin Heiman's auctions for the same reason. . . . Robert Sweeny of Sacramento, Calif. sends in a blast against ASDA and states he thinks a real dealers organization should be started. Earl Apfelbaum is also of that opinion and I'm going to do a little probing on this question myself. I really believe there is room for a real dealers organization and I am of the firm belief that ASDA is strictly for the Nassau-Fifth Avenue gang and a few of their pals in the sticks. If dealers would take time out to write me their views, I might be able to gather some interesting data for them and perhaps we can start something worthwhile for the protection of the dealers, but more important, for the protection of the collectors. The only trouble is, so few people are ever willing to take the time out to

write a letter about anything. Charles Seaman of Melrose, Mass. writes about the poor quality of cancellations of first day covers and the worst mess of all came from San Francisco, Calif. where they really botched up the job for fair. But then Mr. North is so busy getting the opinion of the Fifth Avenue boys on what he should do, he has no time to attend to his own affairs. . . . Ralph Huntington of St. Petersburg, Fla. writes a lengthy letter about "criticism" and says I am laying myself open to being called a bluffer if I don't name names of people instead of shadow boxing. He says I should put up or shut up. Okay, Mr. H., anytime you can get Mr. Linn to give me the green signal to name names I'll do it to a greater extent than I have in the past. Frankly, not enough collectors and dealers care about anything these days but their own selfish interests. As I said last week, or the week before, when we're back on a 40 hour week and making \$40 per and haven't as much money, we'll all be more interested in getting honest value and then there'll be interest. As long as people enjoy being gypped there isn't much I can do about it. Dealers who belong to the ASDA just don't care what happens to collectors, or if they do, they show no signs of interest. The ASDA is controlled by a click and that click is centered around two or three men who think they control the industry. The rest of the dealers are too busy making money and collectors have too much money to spend. Therefore very few people are interested in having the gypps shown up, and so they will continue to be robbed, and like it. Only when they realize that they have been robbed, will the re-action set in and then the dealers will be crying for help. Then a series of articles calling names will mean anything and not until then. As long as people enjoy having someone rob them, there is no use of your or my blood pressure going up. But when the tears roll, they'll be crocodiles.

PLATE NUMBER FIND EXPERIMENTAL ELECTRIC EYE

In our search for something worth while to offer collectors we have found a small quantity of Early Electric Eye Experimental Printings of the 3c Presidential stamp. Curiously enough the sheets we have found were evidently marked and picked out for sale at the Philatelic Agency since the centering in all of the sheets is almost all anyone could ask for. These sheets in their original bundles as shipped from Washington bear a date mark of September 23, 1938. Each bundle is marked "selected." It was in this period that the experiments with electric eye perforation was at its height. All of these sheets are Early Electric Eye printings and are

All we have found are of the top left corner positions, a lot of four different numbers. Of the two lower numbers we have about twice as many as of the two latter numbers, thus the price difference. We know that real specialists sometimes want these in sheets, others are satisfied with strips of twenty from the top of sheet with plate number while others are satisfied with blocks of four. If you are in need of any of these numbers, here is your opportunity as they are now seven years old and few are available.

	Block Four	Top Twenty	Full Sheet
Plate number 21928	\$.50	\$1.10	\$4.00
Plate number 21930	.50	1.10	4.00

More News About The Florida State Seal

E. S. Amsler, state Revenue
specialist sends a copy of a Florida
State Revenue stamp which
bears the current and correct seal
for the State of Florida. Why the
stamp designers ever picked an

old seal is something we can not
answer but we leave it to you if
the seal shown on the current
Florida State Revenue stamps
would not have made a better
looking stamp out of the Florida
Commemorative.

The stamp illustrated is about
half the size of the picture we
print and is a 10c blue Document-
ary Tax Stamp.

ANOTHER KOREA VARIETY

For some time collectors have
been searching for the well known
KORPA error on the Korean
sheets of flag stamps. Now comes
Homer W. Davis of Melrose High-
lands, Mass. who submits another
variety that seems of about equal
prominence with the KRPA er-
ror. The stamps are the 15th
stamp in the sheet, that is the
fifth stamp in the third row, the
one with margin at right. On this
variety the entire bottom of the
word KOREA appears to have
been worn away so that the word
is short in all letters and has the
effect of losing the bottom line of
the "E" which makes the word
look like "KORFA." Look your
sheets over for this new one or
look up Mr. Davis' advertisement
as he offers them so low that any-
one can buy, but we bet he sells
out in a jiffy.

LADIES ONLY

By Hazel Morgan

A RECENT letter from Mrs.
Ruth S. Lyman, of Lake For-
est, Ill. tells of seven covers she
has received from her son-in-law
in the Philippines with the Japa-
nese Occupation stamps used on
the covers. Mrs. Lyman says it
gave her great satisfaction to
check her covers with the list in
our issue of March 29. Thank you
for the interesting letter Mrs.
Lyman, may we hear from you
again.

Mrs. Henry Diamant of New
York City who is a collector of
dolls as well as stamps writes that
their Woman's Stamp Club met
at the Pennsylvania Hotel April
26. The meeting was preceded by
a Dutch Treat dinner in the Co-
ffee Shop. Membership is small but
meetings interesting. We hope to
have further news of this Club for
publication.

United States and Possessions
are the favorites of Mrs. Margaret
Hutchison of Gary, Ind., although
she admits to collecting "odds and
ends of the world." Mrs. Hutch-
ison attends the Stamp Club meet-
ings in Gary whenever possible
and says it is always good to be
able to see collections of stamps
she might have no other oppor-
tunity to view.

About a month ago four sixth
grade Sidney girls formed a Stamp
Club. After the meeting last Fri-
day afternoon my daughter came
home with all the news about
trading etc., and in the course of
the conversation mentioned that
hereafter it would be necessary
to hold all their meetings at one
girl's home as it seems she had
just received a new Album and
the extreme size of the book
would make it difficult for her to
take it to school and on to Stamp
Club meetings. It will make it
hard on the Mother of the girl
in this instance to have the meet-
ing as a regular thing but there
is the redeeming feature that the
girl will soon grow up to her Al-
bum and then we other Mothers
can take over for a while. These
girls are all adept at using the
catalog and each have some near
relative interested in stamps to
help them along.

Mrs. Lewis Turley and small
son were visitors in our office last
week. Mrs. Turley is quite an en-
thusiast in spite of the fact that
she is kept rather busy with two
little boys.

W. E. Farstein in an article
headed TRUSTFUL SOULS in
Collier's for May 5 tells of the
truster, a feminine letter writer
in Albuquerque who sewed a nick-
el on her letter in lieu of pasting
a stamp. Curiosity gets the better
of me. I wonder HOW she did it.
Another truster, a man in St. Paul,
sent a silver dollar unwrapped
through the mails to his nephew
in Texas. We can match that one
as about two months ago the edi-
tor of Linn's received a fifty cent
piece with his name and address
clipped from Linn's and fasten-
ed on the face of the coin by a
strip of scotch tape. The sender
was obviously another truster. I
hasten to add that he wrote and
identified himself as he sent the
coin for a renewal.

Any news of clubs or collectors
will be appreciated, just address
Hazel Linn, Linn's Weekly Stamp
News, Sidney, Ohio.

V-E-DAY COVERS

They came by hunches from all
parts of the country. The earliest
ones received were mentioned last
week and they still kept coming
until to-day we have a pile of
them. Some attractive, some no-
vel, some just ordinary with the
date being about the only excuse
for their existence.

We are not going to take the
room to mention all these covers
now at hand but do want to thank
all for their efforts and assure
them of our appreciation.

LEWIS CARROLL'S STAMP CASE BRINGS \$66 AT AUC.

Lewis Carroll invented the
"Wonderful Postage Stamp Case,"
an 1890 version of today's pocket
stock-book.

One of these quaint cases turned
up in New York recently. It
contained a set of Great Britain's
1881-84 stamps from the ½p to
the 1sh, the 6p being used; a
slip with pictures of Alice and a
booklet by Carroll, "Eight or Nine
Wise Words about Letter-Writing,"
published by Emberlin & Son,
Oxford, in 1890.

This copy of the Carroll "Case,"
with enclosures, was sold for \$66
in the April 24-25 auction of H.
R. Harmer, Inc., 32 E. 57th St.
New York.

Complaint

I have received quite a few complaints from servicemen members that some of the civilian folks have been sending them large quantities of unused patriotic for "Free" servicing under their frank. This is definitely an imposition on the serviceman for though they are not held down to a definite amount of mail that they may frank, there is a reasonable limit placed on this privilege. Naturally, they, too, are collectors and you are expecting them to jeopardize their own mailing privileges in order that you may get your covers serviced cheaply. I would suggest that you hold these requests down to a minimum and when you ask such a favor be sure and reciprocate by sending at least an equal number of covers to the serviceman already serviced in order that he obtain something for his collection in return for the favor he is extending you. Please, folks, don't be pikers, especially with those who have risked so much for us all.

Special Notice

The many friends of member #667, Lt. Frank O. Ely, will be concerned to hear that he received a sniper's bullet in the neck during the last and final drive in Italy. He is in a hospital over there and requests that he be placed on the inactive list for

Killing The Goose That Lays The Golden Eggs

According to the Stamp Wholesaler, Argentine, Brazil and Bolivia are taking steps to levy a tax on shipments of postage stamps from those countries. In the latter instance the rate is said to be proposed as 19%. It has only been due to the difficulty of importing stamps from other countries that has helped popularize issues from some of the Latin American Countries in the past few years and if such a tax is imposed it will quickly drive

collectors to other fields and the only ones to suffer will be the countries that impose the tax. Rather than a tax, those Governments should take steps to open reputable sources of supply rather than leave the collector and dealer up here dependent on some questionable source as has too frequently been the rule in the past.
